

Directions by Car

NOTE | Our house is in Roompot Vakantiepark Kijkduin.

1. The address for navigation is Roompot Vakantiepark, Kijkduin, or Machiel Vrijenhoeklaan 450, The Hague. However, take note! When you arrive, you will be at the barrier of the holiday park.
2. You have provided your license plate, so the barrier will open automatically.
3. Keep to the right at the Y-junction, drive through a few square planters, ignore the small barrier on the right, and then continue straight through two barriers that will also open automatically. After that, drive another 20 meters (until you see a wooden barrier on your left); park somewhere nearby.
4. Opposite this wooden barrier is a small, narrow winding gravel path. Look for signs pointing to house numbers 182/183. Follow this path and walk between two houses (182/183) to reach our house (on the right).
5. You will approach the house from the back, and on the side of the house, you'll see a blue sign with the name **Dunes & Sea** (see photos) and arrows pointing > to the entrance, around the corner. Next to the door, on the left, is the key safe. You can then enter!
6. **(IMPORTANT:** The entrance to your room is on the terrace (back) side of the house, NOT the key safe by the front door at number 185.)

Public Transport

If you are coming by public transport, take **Bus 24** to the **Kijkduin** stop. From there, it is a 15-minute walk (1 km) southwards along Machiel Vrijenhoeklaan (a dead-end road) to the entrance of the Roompot holiday park. Enter the park, keep to the right, and it is the second house on the left. **NOTE:** The room entrance is at the back of the house, so walk around to the right towards the garden side and then left around the corner.

Bicycle

See directions above starting from the barrier.

Taxi

If traveling by taxi, follow the car directions.
